Sneha Kulkarni

Enterprise Java & Distributed Backend Engineer

Roll No: 21CS088 | Department: Computer Science & Engineering | CGPA: 9.05 / 10.0

Email: sneha.k@college.edu | Phone: +91 98333 44556 | LinkedIn: linkedin.com/in/sneha-kulkarni-cs

PROFESSIONAL SUMMARY

Backend specialist with deep proficiency in Java, Spring Boot, microservices architectures, Kafka distributed messaging, and enterprise relational database optimization.

CORE TECHNICAL SKILLS

- **Languages:** Java 17/21, SQL, Python, Go
- **Frameworks:** Spring Boot 3, Spring Cloud, Hibernate / JPA, JUnit, Mockito
- **Messaging & DB:** Apache Kafka, RabbitMQ, MySQL, PostgreSQL, Redis
- **Infrastructure:** Docker, Kubernetes, Jenkins, Maven, Prometheus, Grafana

WORK EXPERIENCE & INTERNSHIPS

Backend Software Engineering Intern | *FinServe Technologies* Jun 2024 - Aug 2024

- Developed core payment reconciliation services handling over $2.5M daily simulated transactions.
- Implemented event-driven architecture using Kafka, decoupling notification and billing microservices.

FEATURED TECHNICAL PROJECTS

High-Throughput Core Banking Ledger Service *(Java 21, Spring Boot, MySQL, Kafka)*

- Built ACID-compliant multi-tenant ledger service with double-entry bookkeeping and JWT security.
- Implemented distributed locking with Redis to guarantee zero race conditions on concurrent balance debits.

Resilient Order Management Engine *(Spring Cloud, Resilience4j, Docker)*

- Implemented fault-tolerant circuit breaker, rate limiting, and retry patterns with Eureka service discovery.

EDUCATION & ACADEMIC BACKGROUND

Bachelor of Technology in Computer Science & Engineering • College of Engineering Pune 2021 - 2025

CGPA: 9.05 / 10.0 | Relevant Coursework: Enterprise Software Engineering, Database Systems, Computer Networks

CERTIFICATIONS & HONORS

- Oracle Certified Professional: Java SE 11 Developer
- Spring Professional Certification (VMware)
