Karthik Nair

DevOps & Cloud Infrastructure Engineer

Roll No: 21CS142 | Department: Computer Science & Engineering | CGPA: 8.82 / 10.0

Email: karthik.nair@college.edu | Phone: +91 98666 77889 | LinkedIn: linkedin.com/in/karthik-nair-devops

PROFESSIONAL SUMMARY

Cloud infrastructure engineer passionate about declarative GitOps, Kubernetes container orchestration, Terraform Infrastructure as Code, and automated multi-environment CI/CD.

CORE TECHNICAL SKILLS

- **Cloud & Platforms:** AWS (EKS, EC2, S3, RDS, CloudFront), Google Cloud Platform (GCP)
- **Containers & Mesh:** Docker, Kubernetes, Helm, ArgoCD, Docker Compose
- **Infrastructure as Code:** Terraform, Ansible, CloudFormation
- **CI/CD & Monitoring:** GitHub Actions, Jenkins, Prometheus, Grafana, ELK Stack, Linux/Bash

WORK EXPERIENCE & INTERNSHIPS

Cloud Infrastructure Intern | *ScaleGrid Cloud Systems* May 2024 - Aug 2024

- Engineered GitHub Actions CI/CD pipelines reducing deployment cycle time from 40 mins to 8 mins.
- Authored reusable Terraform modules provisioning multi-region VPC and EKS clusters with security hardening.

FEATURED TECHNICAL PROJECTS

High-Availability Kubernetes Cluster with GitOps *(Kubernetes, ArgoCD, Helm, AWS EKS)*

- Deployed enterprise microservices cluster with automated canary rollouts and Prometheus alerts.

Zero-Downtime Multi-Tier Deployment Automation *(Docker, Jenkins, AWS ECS, Bash)*

- Automated Docker image vulnerability scanning with Trivy and automated blue-green cutover.

EDUCATION & ACADEMIC BACKGROUND

Bachelor of Technology in Computer Science • National Institute of Engineering 2021 - 2025

CGPA: 8.82 / 10.0 | Relevant Coursework: Computer Networks, Linux Systems Programming, Cloud Computing

CERTIFICATIONS & HONORS

- AWS Certified Solutions Architect - Associate
- Certified Kubernetes Administrator (CKA - Linux Foundation)
