# Neha Gupta

## Big Data & Data Platform Engineer

Roll No: 21CS199 | Department: Computer Science & Engineering | CGPA: 9.08 / 10.0

Email: neha.gupta@college.edu | Phone: +91 96666 33445 | LinkedIn: linkedin.com/in/neha-gupta-data

### PROFESSIONAL SUMMARY

Data engineer experienced in constructing large-scale streaming and batch ETL pipelines, distributed processing with Apache Spark, Kafka message ingestion, and cloud data warehouses.

### CORE TECHNICAL SKILLS

- **Data Processing:** Apache Spark (PySpark), Apache Kafka, Apache Airflow, Apache Flink
- **Databases & Warehouses:** Snowflake, PostgreSQL, Amazon Redshift, MongoDB, Cassandra
- **Languages:** Python, SQL, Scala, Bash
- **Cloud & Platforms:** AWS (S3, EMR, Glue), Docker, Git, dbt (data build tool)

### WORK EXPERIENCE & INTERNSHIPS

**Data Platform Engineering Intern** | *DataStream Analytics* Jun 2024 - Aug 2024

- Engineered PySpark batch jobs processing 20GB daily streaming logs into partitioned Parquet data lakes.
- Orchestrated 30+ automated daily DAG workflows in Apache Airflow with automated slack failure alerts.

### FEATURED TECHNICAL PROJECTS

**Real-Time Financial Fraud Detection Pipeline** *(Kafka, Apache Spark, Python, PostgreSQL)*

- Stream processing pipeline calculating rolling aggregations to flag anomalous debit transactions under 200ms.
- Integrated dead-letter queues and idempotency guards ensuring exactly-once processing semantics.

**Cloud Enterprise Data Warehouse with dbt & Snowflake** *(Snowflake, AWS S3, dbt, SQL)*

- Designed dimensional star-schema data warehouse powering self-serve business intelligence dashboards.

### EDUCATION & ACADEMIC BACKGROUND

**Bachelor of Technology in Computer Science** • Birla Institute of Technology 2021 - 2025

CGPA: 9.08 / 10.0 | Relevant Coursework: Big Data Systems, Database Architecture, Distributed Computing

### CERTIFICATIONS & HONORS

- Databricks Certified Data Engineer Associate
- AWS Certified Data Analytics - Specialty
