PROFESSIONAL SUMMARY

Versatile mobile and web engineer specializing in React Native, TypeScript, GraphQL APIs, offline synchronization, and state management for consumer applications.

CORE TECHNICAL SKILLS

- **Mobile & Web:** React Native, React.js, TypeScript, JavaScript (ES6+), HTML5, Tailwind CSS
- **State & APIs:** Redux Toolkit, GraphQL, Apollo Client, REST APIs, WebSockets
- **Backend & BaaS:** Node.js, Express, Firebase (Auth, Firestore, Cloud Messaging), PostgreSQL
- **Mobile Tooling:** Expo, Metro Bundler, Android Studio, Xcode, Jest, Flipper

WORK EXPERIENCE & INTERNSHIPS

Mobile App Development Intern | *MobileCraft Technologies* Feb 2024 - Jun 2024

- Shipped key features for React Native audio social application with 50,000+ downloads on Google Play.
- Reduced app cold start time by 38% and memory consumption using lazy asset loading and Hermes engine.

FEATURED TECHNICAL PROJECTS

PulseMed - Telemedicine & Virtual Consultation App *(React Native, TypeScript, GraphQL, WebRTC)*

- Cross-platform app enabling HD video consultations, real-time prescription sync, and appointment booking.
- Integrated offline cache with Apollo Client and SQLite storage for seamless access in low-connectivity areas.

AudioWave - Live Social Audio Rooms *(React Native, Node.js, WebSockets, Firebase)*

- Low-latency interactive voice room application supporting 100+ concurrent listeners per room.

EDUCATION & ACADEMIC BACKGROUND

Bachelor of Technology in Information Technology • SSN College of Engineering 2021 - 2025

CGPA: 8.88 / 10.0 | Relevant Coursework: Mobile Application Engineering, Software Architecture, Database Systems

CERTIFICATIONS & HONORS

- Meta React Native Developer Professional Certificate
- Apollo GraphQL Associate Certified
