BABA PANDEY

Algorithms & Competitive Programming Specialist

Roll No: 23630 | Department: Computer Science & Engineering | CGPA: 9.40 / 10.0

Email: baba.pandey@college.edu | Phone: +91 99000 11223 | LinkedIn: linkedin.com/in/baba-pandey-cp

PROFESSIONAL SUMMARY

Competitive programmer with 1,200+ solved problems across LeetCode and Codeforces. Expert in algorithmic time-space complexity optimization, Graph Theory, and Dynamic Programming.

CORE TECHNICAL SKILLS

- **Languages:** C++ (C++17/20), Java, Python, SQL
- **Algorithmic Domains:** Advanced Graph Algorithms, Dynamic Programming, Segment Trees, Trie, Greedy
- **Core Computer Science:** Object-Oriented Programming (OOP), OS, Database Management Systems, System Design
- **Competitive Platforms:** LeetCode (Knight), Codeforces (Candidate Master), CodeChef (5-Star), HackerRank

WORK EXPERIENCE & INTERNSHIPS

Algorithmic Problem Setter & Peer Mentor | *University Competitive Programming Club* Aug 2023 - Present

- Authored 30+ contest problems on Advanced Graph Algorithms and Dynamic Programming for 500+ participants.
- Conducted algorithmic workshops covering recursion, binary search, and trees for 150+ undergraduates.

FEATURED TECHNICAL PROJECTS

Real-Time Algorithm Visualizer & Benchmarker *(C++, WebAssembly, React, TypeScript)*

- Built interactive visualization engine executing pathfinding and sorting algorithms with step-by-step memory tracking.
- Benchmarked custom algorithms against standard C++ STL containers across large randomized datasets.

High-Performance In-Memory Graph Engine *(C++20, STL, Multi-Threading)*

- Implemented ultra-fast graph traversal engine running Dijkstra and Tarjan SCC on 1M+ vertices under 40ms.

EDUCATION & ACADEMIC BACKGROUND

Bachelor of Technology in Computer Science & Engineering • National Institute of Technology 2023 - 2027

CGPA: 9.40 / 10.0 | Relevant Coursework: Advanced Algorithms, Discrete Mathematics, Theory of Computation, Data Structures

CERTIFICATIONS & HONORS

- Codeforces Candidate Master (Top 2% globally)
- LeetCode Knight Rating: 2,150+ (Top 1.5% globally)
- ACM-ICPC Regionalist (2024)
